

Pebble Time Watch Strap Replacement

The Pebble Time comes equipped with a spring loaded rubber strap.

Written By: Nicolas Hempe

INTRODUCTION

The Pebble Time comes equipped with a spring loaded rubber strap. This guide will show the steps necessary to remove the strap for replacement with any 22mm spring loaded strap.

TOOLS:

- [Metal Spudger](#) (1)
-

Step 1 — Watch Strap

- Locate the spring latch components on the back of the watch strap.

Step 2

- Insert the metal spudger tool into the outer edge of the latch component.
- Hold the watch securely and press the spring latch component towards you with the metal spudger tool.

Step 3

- Remove the strap from the watch.
- Repeat all steps on the opposite strap.

To reassemble your device, follow these instructions in reverse order.
